### NOTICE TO CONTRACTORS

Prince Rupert Electoral District

Bridge Project 935 — Moresby Island Ferry Terminals, Contract 3: Floating Leads.

SEALED TENDERS, marked "Tender for Bridge Project 935—Moresby Island Ferry Terminals, Contract 3," will be received by the Department of Highways at the Parliament Buildings, Victoria, B.C., up to 2 p.m. on Wednesday the 23rd day of April 1975, and opened in public at that time and date. Tenders must be delivered only to Room 237, Douglas Building, Victoria, which is open from 8.30 a.m. to 12 noon and 1 p.m. to 4.30 p.m., Monday to Friday, except holidays.

The work to be carried out under this contract consists of the construction of three steel pipe and timber or concrete pontoon floating leads, and delivery of the floating leads to Deas Maintenance Facility.

Plans, specifications, and conditions of tender may be obtained from the Provincial Government Plan Viewing Room, 108, 501 West 12th Avenue, Vancouver, B.C. V5Z 1M4 (telephone 879-7531), or from the undersigned for the sum of \$10 (cheque or money order made payable to the Minister of Finance), which is not refundable.

Construction of this contract shall conform to the requirements of the applicable sections of the Department of Highways "General Specifications for Highway Construction." If the bidder does not already have a copy of these specifications, one may be obtained from the Provincial Government Plan Viewing Room, Vancouver, B.C. V5Z 1M4, or from the undersigned for the sum of \$10 (cheque or money order made payable to the Minister of Finance), which is not refundable. All copies purchased are registered and amendments are forwarded when issued.

Each tender must be accompanied by a bid bond or a certified cheque in accordance with clause (a) or clause (b) below:

(a) Where the total tender price exceeds \$100,000 a surety bid bond in an amount equal to 10 per cent of the tender price must accompany each tender. A performance bond and a labour and material payment bond, each in the amount of 50 per cent of the tendered sum, in a form acceptable to the Minister of Finance, must then be provided by the successful bidder upon receipt of notice of acceptance of tender. The surety bid bond shall be forfeited if the tenderer declines to enter into a contract if called upon to do so.

(b) Where the total tender price is less than \$100,000 a surety bid bond or a certified cheque in an amount equal to 10 per cent of the tender price must accompany each tender. A performance bond and a labour and material payment bond, each

in the amount of 50 per cent of the tendered sum, in a form acceptable to the Minister of Finance, must then be provided by the successful bidder upon receipt of notice of acceptance of tender. If a bid bond is supplied this bond shall be forfeited if the tenderer declines to enter into a contract if called upon to do so. In the event that the successful bidder supports his tender with a certified cheque, but fails to produce the required performance bond and labour and material payment bond within a period of 14 days from the date of issuance of notice that his tender is accepted, the Minister of Highways shall have the right to forfeit the tender deposit in its full amount or to the extent of the difference in cost between the bidder's tender and the accepted tender, whichever is the lesser.

Tenders must be made out on the forms supplied and enclosed in the envelope furnished.

The tender submitted is irrevocable for 60 days and may not be altered, amended, or withdrawn for any cause without the written permission of the Minister.

Tenderers are advised that all bidders will be required to satisfy the Minister of Highways, in writing, that they have the necessary qualifications to successfully perform the work. It is preferred that tenderers submit with their tenders a list stating the type, capacity, and present location (so that inspection can be made if necessary) of the equipment in their possession or at their disposal which is immediately available for the carrying-out of the work within the time limit specified without in any way curtailing or delaying any Departmental project that may be under contract at this date.

No tender will be accepted or considered which contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

It is preferred that tenderers submit with their tenders a schedule of proposed construction operations showing estimated monthly progress for each phase of the construction work.

Before any petition praying for leave to bring in a Private Bill for the erection of a toll bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

**APPLICATION FOR PERMIT UNDER POLLUTION CONTROL ACT, 1967 (Effluent)**

*Preamble*—On February 25, 1975, the Regional District of Nanaimo adopted a plan of sewage treatment and disposal for the School District No. 69 geographical area. The plan of facility development is in accordance with the School District No. 69 community plan.

The first area to be served will be the Village of Qualicum. The Village of Parksville and French Creek will be connected as service is required, or upon direction by the Pollution Control Branch.

The following application is the result of three years of study to determine the most feasible method of disposal for this area.

THIS APPLICATION has been filed with the Director of Pollution Control, Parliament Buildings, Victoria, B.C. Any person whose rights would be affected in accordance with the Act may, within 30 days of the date of this publication, file with the Director an objection in writing to the granting of a permit, stating how he or she is affected.

The Regional District of Nanaimo hereby applies to the Director of Pollution Control for a permit to discharge treated effluent from a regional sewer system into the Strait of Georgia, and gives notice of application to all persons affected.

The point of discharge is in the Strait of Georgia, about 8,000 feet east of the high-water mark of Yambury Road, at a depth of 200 feet.

The land on which the effluent originates is School District No. 69.

The quantity of effluent to be discharged is as follows: Average 24-hour discharge, 720,000 imperial gallons. Maximum daily discharge, 1,900,000 imperial gallons.

The operating season during which the effluent will be discharged is continuous, with construction of works staged over a 30-month period.

The average characteristics of the effluent discharged will be equivalent to or better than suspended solids, 60 mg/l; total solids, 320 mg/l; BOD (5 day 20°C), 45 mg/l; coliform bacteria, mph/100 ml (log mean 200).

The type of treatment to be applied to the waste comprises, comminution, grit

removal, activated sludge by extended aeration, effluent disinfection, waste-sludge digestion and digested waste-sludge disposal on drying beds.

A copy of this application, dated February 14, 1975, has been posted on the ground in accordance with Pollution Control Regulations.

## TIMBER SALE LICENCE A05629

A PUBLIC AUCTION will be held by the District Forester at Nelson, B.C., at 11.30 a.m. (local time) or as soon as possible thereafter, the 9th day of May 1975, for the purchase of Licence A05629, to authorize the harvesting of not more than 780,000 cubic feet of timber each year for a 3-year period.

Cutting permits to be issued under authority of this licence will authorize cutting within the Salmo PSYU in accordance with a development plan to be submitted by the successful tenderer.

To be eligible to submit bids and have those bids considered a tenderer must have an allocated annual volume in the Salmo PSYU available for application to this licence of not less than the annual harvest volume authorized by this licence. Furthermore, an eligible tenderer must be the operator of a wood-processing plant with barking and chipping facilities utilizing logs to a 4-inch top diameter. Each eligible tenderer will be required to submit proof that the timber to be authorized for cutting is required as a supply to keep his wood-processing plant operating to the capacity approved by the Licenser.

Anyone who is unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Particulars may be obtained from the Chief Forester, Victoria; the District Forester, Nelson; or the Forest Ranger, Castlegar.
